Dedication

We, the Senior Class of 1957, are deeply honored in dedicating this edition of the "Green Lantern" to our janitor and his wife, Henry and Dora Hoffman, who have been at our school for 4 years. During this time, they have been a friend to everyone, sympathetic, understanding, and always with a greeting and friendly smile.

Class Prophecy

In the year 1988, I was on my way to the moon when I saw JOE ZILCH and all his crew with his "fire ball straight 8", and SUZANNE LINDSEY as his stewardess, heading straight for Mars. I decided to flag him down and hitch a ride and visit the class of 1957. We walked into a rocket airport and there we found the executive secretary, DORIS TIMKE, to EARL KROHN, the President of the Little Martians Rocket Port.

Walking down Pluto Avenue, I spotted BURMA SCHABATKA, chasing her six little Martians, that were running away to earth. While talking to Burma we found out that Chet was working on a peace relationship between Mars and Venus, and who should his private secretary be, JUDY FRANKS, mourning over the late "Elvis Presley."

As I traveled on through space I came upon an institution where BETTY SCOTT was teaching the Little Martians to be Juvenile Delinquents. A little farther out there was PAT LARIMORE, suspended from a moonbeam plucking out the stars and tossing them down to earth to NORMA GRIFFIN and her true love.

And so ended my trip to my class of 1957.

Class Will

- I, Judy Franks, bequeath my boisterous laugh to Phyllis Denight.
- I, Pat Larimore, bequeath my sense of humor to Mr. Longshore.
- I, Norma Griffin, bequeath my history book to Claude Turman.
- I, Burma Cooling, bequeath my freckles to Ruth Strawbridge, and I pity her.
- I, Doris Timke, bequeath my outrageous laughter to Mr. Brasmer.
- I, Betty Scott, bequeath my ability to use small words so people can understand, to Sharon Boyer.
- I, Earl Krohn, bequeath my understanding of Chemistry to Louise Hamann.
- I, Joseph Zilch, bequeath my ability to skip school to Dick Scherer.
- I, Suzanne Lindsey, bequeath my once a year straightened locker to Sharon Meisinger.

CLASS MOTTO

"Tis not fashion, form nor state, but get up and get that makes one great."

adding up *your future*

Mistake in arithmetic? NO. This is a formula showing the financial benefits of a college education based on today's salaries. It shows simply that for an investment of \$2000 per year* and 4 years of your time you may net about \$103,000 more in your lifetime than the man whose formal education stops at high school.

The typical high school graduate will earn \$165,000 in his lifetime compared to the typical college graduate who will earn \$268,000. These are average figures, and, of course, you can do much better, or much worse. Yet it points out one way you can help assure yourself of \$3000 a year more than you could have earned otherwise.

This extra income can mean a better

home for you . . . a complete education for your children . . . a full and more rewarding life for you and your family.

Other rewards a college education can help you achieve may be even more significant than a higher income: a deeper understanding of people . . . a greater ability to get along well with others . . . a fuller life, to mention but a few.

When you add up the years of your learning, remember that you are adding up your future. And education is an investment in the future which will return to you many advantages.

*Estimated average cost of attending college including tuition, room and board, books, and incidental expenses.
